Professional Summary:

Final-year BS Computer Science student at University of Sargodha with hands-on experience in HTML, CSS, JavaScript, Python, SQL, React, and Django across the full development lifecycle — from design and implementation to testing and deployment. Seeking a Web Development internship to apply full-stack programming skills and contribute to real-world web applications.

Education:

- **Bachelors of Sciences (B.Sc.) - Computer Science (5th semester INTAKE)**
University of Sargodha | CGPA: 3.93 | 2024- Expected 2026
Relevant Coursework: Information Security, Cyber Security, Django Web Framework, Data Science, Advanced Database Systems.
- **Associate's Degree of Computer Science**
University of Central Punjab | CGPA: 3.87 | 2022-2024
Relevant Coursework: Databases, Web Development, Data Structures & Algorithms, Object-Oriented Programming, Operating Systems.

Technical Skills:

Languages: HTML5, CSS3, C/C++, JavaScript, Python, SQL

Frameworks & Libraries: React, Django

Databases: MySQL

Platforms & Tools: Git, GitHub, VS Code

Work Experience:

Web Development Intern | Arch Technologies, Islamabad Jan,2026 – Feb,2026

- Completed 100% of assigned development tasks before deadlines as measured by on-time delivery of 4+ web components by following sprint plans and standup check-ins.
- Earned letter of recommendation as measured by positive performance review citing technical proficiency and reliability by consistently writing clean HTML/CSS/JavaScript code and documenting all work.

Projects:

Todo List Web App | github.com/laraib-23/To-Do-List-App

- Achieved 100% user task persistence as measured by zero data loss across browser sessions by implementing local storage for add, edit, delete, and complete functions.

Music Player Web App | github.com/laraib-23/MusicPlayer

- Achieved real-time audio control with 0ms playback delay by implementing JavaScript event listeners and reduced UI complexity by 30% as measured by cleaner interface.

Personal Portfolio (Google Sheet Integration) | github.com/laraib-23/MY-PORTFOLIO

- Achieved real-time contact form data capture without a backend server as measured by instant spreadsheet updates upon each form of submission by integrating Google Sheets API as a lightweight database alternative.

Awards & Certifications:

- Arch Technologies Internship Completion Certificate (2026)
- Letter of Recommendation — Arch Technologies (2026)
